

## Media and Elected Officials Tour - Monday July 11<sup>th</sup> 2016

One Monday, BR3T Executive Director Thomas Monahan, along with other BR3T staff conducted a tour for media and elected officials to learn more about the BR3T Mission. As part of this tour, participants visited three homes, the first a home still awaiting repairs, the second, a home currently being repaired and the final a home that was finished last month.

The purpose of this tour was to create a stronger understanding of what flood survivors are facing, the difficulty in meeting all of the needs and the critical importance of funding to continue this mission.
